ICWG Meeting Registration

The Ice Core Working Group will hold their annual meeting at the National Science Foundation on April 7 and 8. Below is a registration form that needs to be returned to NICL-SMO by March 13 if you plan on attending the meeting both for finalizing the meeting details and since the meeting is to be held at NSF, anyone planning on attending needs to register so we can provide names for security clearance to enter NSF.

Agenda:

We are currently developing the agenda for the meeting. Issues for discussions include updates from the various groups involved in ice coring and ongoing projects. The main focus of the meeting will be on future ice coring projects for the US community and the USGS/NICL/NSF contractual agreement. If you have interest in any ice coring projects we respectfully request you fill out the outline attached to this email and return to this office by March 19 so we can further refine the agenda. We may still have time available on the agenda so if you have any specific items for the agenda, please let us know on the registration form or contact us directly. We plan to start the meeting at 9:00AM on April 7 and end by 2:30PM on April 8 so attendees can fly home that evening.

Housing:

A block of rooms has been reserved at the Arlington Hilton (950 North Stafford Street, Arlington, Virginia, Tel: 1-703-528-6000) All reservations at the Arlington Hilton need to go through this office. We will provide the hotel with a rooming list on March 16. We will forward the confirmation numbers to those who have registered. The room rate is \$209 plus tax.
